The game of chess is taught in all the Australian public schools. Here football is taught.

One reason why women are more religious is that they love to lead men to the altar.

It didn't require much of a philosopher to discover that all rich widows are handsome.

It has been noticed that nothing makes a woman laugh so much as a new set of teeth.

Some giddy girls who talk of having seen but 20 summers ought to consult an oculist.

If mothers did not make so many matrimonial matches, there would be fewer divorces.

Widows always get ahead of girls in the race for husbands, probably because they are faster.

One of the queer things in life is that the frocks in old photographs were once considered pretty.

A man forgives his sweetheart for tramping his ace, but he always reminds her of it after they are married.

An old maid may console herself with the thought that she is leading a heavenly life, as there are no marriages in heaven.

The average man would rather have his wife act like the devil and look like an angel than to act like an angel and look like the devil.

According to school teachers there are several janitors in Kansas City who act as though they owned the building they are hired to sweep out.

It is not surprising that "To Have and to Hold" is a popular book.—Everybody likes to have and to hold things, from pretty girls to public offices.

Every woman who has nursed a cross husband through a sickness wonders how any nurse can fall in love with the man in her care, and marry him.

A woman says she has just experienced good luck. Can you imagine what it is? A relative who has been visiting at her home has gone home.

A woman here wants some new furniture, but she can't decide whether to get a folding bed that looks like an ice chest, or an ice chest that looks like a folding bed.

The pretty typewriter undoubtedly stands the best chances at getting a job, but it's the girl that can spell that gets her pay raised when she speaks about leaving.

A woman may insist that she wants her husband to be present when she gives a party, but that doesn't change the fact that he is a particularly good husband if he has business out of the house at the time.

A Spaniard has committed suicide in New York because he could not learn to speak English. Why didn't he try some other towns where more of the inhabitants spoke the tongue which he wished to learn?

A Hot Springs man sits with his coat off in the house because he has found it a sure way to get his shirt mended. Company comes and see the holes, and the next time he puts on the shirt they have been sewed up.

Brain Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for bones. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet however good your food may be, its nutriment is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Richardson Drug Co. Get Green's special Almanac.

John Lisenby, a prosperous farmer living north of Brookfield, took a wagon load of pumpkins to that city one day last week, and sold half of the load to a substantial looking gentleman for \$5.75, the stranger telling Mr. Lisenby to take the pumpkins to a certain house and where would receive and pay for them. When the house was reached the stranger was there and proceeded to help Mr. Lisenby unload the pumpkins. When this task was completed the stranger asked Mr. L. if he had change for a \$20 bill, and was informed that he did. He told the pumpkin-dealer to give him \$14.25 and he would go in the house and bring him out the bill. The farmer did so and he is now wondering what has become of the stranger and his money.

A Fiendish Attack.

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at W. C. Gaston's drug store.

A Chicago man who rescued a woman and her baby from a burning building was badly applauded by the gathered multitude, and when he rushed in again and heroically rescued a case of beer the cheers were deafening.

Steve Hurst, a restaurant man of Macon, was arrested by Night Policeman Miles last Thursday night for disturbing the peace. A bum had eaten supper at Mr. Hurst's restaurant and refused to pay for it and a quarrel ensued, when the officer came in and commanded them to desist. Hurst pleaded guilty to the charge and was fined \$10 and costs.

Guy Bigger has bought the plant of the deceased New Deal at Marceline of Birch & McDowell of Carrollton, and in connection with Walter Pendleton will re-establish the paper, but most likely under a new name. Mr. Pendleton is a practical printer and is well-known to Marceline people having been formerly connected with the Journal, which was changed to the New Deal after it was purchased by Birch & McDowell.

Farm For Sale.

I have for sale a farm of 240 acres, situated near the fish-trap on the Chariton river in the northeast corner of Chariton county. There are 120 acres in cultivation and nearly all of the land is well fenced. There are upon the premises a fairly good house, barn and orchard and two good wells. A good school is near by, and the farm is within one-fourth of a mile of the new railroad from Columbia to Trenton, which is now being constructed. Price, \$5,000; one-half cash, balance in payments to suit purchaser with interest at six per cent. For further particulars inquire at this office. WEBSTER NANCE.

John C. Plattner of Grand Pass township tells the following remarkable story about a hog he lost last summer: About June 5 he missed the sow from his feed yards. He looked all over his farm and inquired over the neighborhood if anyone had seen the sow, but finally gave her up as lost or stolen. She was a good brood sow and weighed about 250 pounds. Imagine his surprise last week when he discovered the animal in the pit beneath his wagon scales, and his greater surprise was that she was still alive. When gotten out the sow was found to weigh less than 50 pounds, but was still able to walk although blind and crazy. The sow, of course, is nothing but skin and bones, yet when she has one of her crazy spells she runs about the feed yard in wild terror and frequently runs against the fences, trees and other objects that are in her way.
